

# MY RISK MANAGEMENT POLICIES

<https://www.myriskmanagementpolicies.org/amtrust>

*Custom policies in  
minutes!*

- Create risk management policies tailored to the mission, culture, and circumstances of your nonprofit.
- Receive step-by-step guidance to create a wide range of policies addressing the risks your nonprofit faces.
- Avoid the pitfalls of using generic “sample” policies that rarely prove adequate to address your nonprofit’s individual circumstances and avoid increasing your exposure to loss by adopting ill-suited policies.
- Manage your policies by returning to the site as often as needed to add, delete, or modify your policies as your circumstances warrant. There is no extra fee and your policies will be saved on the site until you delete them!

*My Risk Management Policies is brought to you by the Nonprofit Risk Management Center, a 501(c)(3) nonprofit organization. NRMC provides assistance and resources for community-serving nonprofit organizations. NRMC’s mission is to help nonprofits cope with uncertainty by offering a wide range of services (from technical assistance to software to training and consulting) on a vast array of risk management topics.*
