Environmental ECF Product Suite

In addition to traditional General Liability exposures, today's manufactrers and distributors face ever increasing scrutiny and regulation when it comes to environmental liabilities.

Wholesale-only Distribution

through limited authorized wholesalers

Superior Underwriting

solution-focused, customer service experts

AmTrust E&S now offers our Environmental Combined Form (ECF) Product Suite, designed to address the general and environmental liability exposures of manufacturing, distribution, warehousing, processing and related operations.

Coverage For Today's Exposures

Coverages for the ECF include ISO-based CGL along with products and products pollution liability, contractors' pollution, transportation pollution (including misdelivery), professional liabilty, product recall/ withdrawal, site pollution, and more.

Our solution can cover a broad spectrum of general and environmental risks from premises, operations, products and pollution exposures. Optional coverages available as well. We can also compliment the ECF product with our Environmental Excess Liability (EEL) Coverage. Limits can be deployed anywhere in a tower
